

## **Fire Risk Assessment Training Course Overview.**

A fire risk assessment is an organised and methodical look at the premises, the activities carried on there and the likelihood that a fire could start and cause harm to those in and around the premises.

The aims of the fire risk assessment are:

- To identify the fire hazards.
- To reduce the risk of those hazards causing harm to as low as reasonably practicable.
- To decide what physical fire precautions and management arrangements are necessary to ensure the safety of people in your premises if a fire does start. Fire hazards pose a significant threat to workplace safety, making fire risk assessment a crucial part of fire prevention and compliance.

This Fire Risk Assessment Training Course provides participants with the knowledge and skills to identify fire hazards, assess risks, and implement effective control measures to ensure workplace safety and legal compliance.

### **Course Objectives.**

- Understand the principles of fire safety and fire risk assessment.
- Identify common fire hazards and evaluate associated risks.
- Learn the five key steps of a fire risk assessment process.
- Understand fire prevention measures and control strategies.
- Recognise legal requirements and employer responsibilities under fire safety regulations.
- Learn how to create and maintain fire risk assessment records.

### **Who Should Attend?**

This course is ideal for business owners, fire wardens, health and safety officers, facilities managers, and anyone responsible for workplace fire safety and compliance.

### **Course Format**

- Interactive presentations and discussions.
- Practical exercises and real-world case studies.
- Step-by-step guidance on conducting fire risk assessments.
- Assessment and certification upon completion.

By the end of the course, participants will be able to conduct thorough fire risk assessments, implement effective fire prevention measures, and ensure compliance with fire safety regulations, creating a safer working environment for all.
